1   Limericks

Language of choice:

Sure it's old as a Bravada,
and sometimes feels like stepping in lava.
    Though it wouldn't compile
    and my head spun for a while,
I find I'm conceding to Java.

My first limerick, around age 11:

There once was a boy from Rome,
who never-ever had a home.
    He walked the street
    just to meet
a small little garden gnome.
